Ayer Parks Facilities Dog Policies

Updated 5/9/19

The Parks Commission's policy regarding dogs at Pirone Park reflects the town's bylaws for dogs in public areas. Users of Pirone Park may bring dogs as long as they are leashed, curbed and kept under control. Dogs who are observed off leash or leaving feces will be given a verbal warning to adhere to the town's bylaws. Repeat offenders will be reported to Animal Control and may be subject to permanent removal from the facility. We ask dog owners to act responsibly to ensure the safety and welfare of all park patrons.

The policy of no household or domestic animals, with the exception of service dogs, at Sandy Pond Beach will remain in effect. Those looking for open space for their dogs may utilize the dog park on Snake Hill Road.
